serve two subdivisions known as Williams Addition and Williams Second  
Addition which form a part of the unincorporated town of North Las Vegas.  
These subdivisions are becoming well settled and are in need of an abun-  
dant water supply.

DESCRIPTION OF PROPOSED WORKS

Artesian Well 240 feet deep with reducer and 4" gate valve, 126 feet of 8" casing water is diverted through four inch pipe line to subdivisions and lots, for municipal and domestic uses. AS the subdivision becomes settled it is planned to install pump to increase the water supply from the well with storage in an overhead tank.

5. Estimated cost of works \$5000.00

6. Estimated time required to construct works Five years.

7. Remarks The works are now built to accomodate present conditions and will be increased as the lots become sold and houses built which it is estimated will reach its peak in about five years. Additional works and pumps will be installed in the future to take care of the needs as they arise. There is an existing overhead tank in use at the present time.
